THE RAVEN #1: at the Chamber door

Written by Santiago Mendez

Once upon a
midnight
dreary,
while he
pondered,
weak and
weary...

NO!...It
was much
before
that...yes,
I remember
now...

He came out
from
nowhere...as
usual...just
this and
nothing
more...

His name is...RUSSEL

...Nameless here for evermore...

He soon
decided to
stay in the
land of the
living...There
he would
complete his
mysterious
task...only
this and
nothing
more...

One night the crow named (for no
one) Russel arrived to a house...

...and killed
all inside...

Now he is going back to the land of death...
